If you will be starting the final year of an IET accredited* degree course in Autumn 2015 and could benefit from financial support, then apply for an IET grant worth £1,000.

Up to 10 grants will be awarded.

So, are you eligible?

You can apply for an IET undergraduate grant if you are already studying an IET accredited* MEng or BEng Engineering or Technology related degree course in the UK.

* To check whether your course is accredited, download the directory of accredited courses from www.theiet.org/grants.

Criteria

You will need to have obtained 60% or more (i.e. 2:1 or above) in your end of year exams.

How to apply

Online application forms will be available at www.theiet.org/grants from **January 2015**.

You will also need to ask your tutor to download a reference form from www.theiet.org/grants and send it to awards@theiet.org.

Deadline for applications and references: **25 June 2015, 5pm (BST)**.

You will also need to submit your end of year results by **30 July 2015**. All information will be available at www.theiet.org/grants.
